GET OUT & EXPLORE

SNORKELLING

With around 1000 species of fish and several hundred types of coral and sponges, Fiji offers a unique snorkeling experience. Explore the marine life off the shore of your island. Or, venture to the outer reef with the opportunity to see larger fish and a more diverse range of coral and marine life. Fiji is home to some of the most beautiful and colourful fish, therefore snorkelling is a must do when in Fiji.

CLOUD 9

Imagine a floating paradise in the middle of the ocean. Cloud 9 is Fiji's epic two level floating platform featuring an Italian wood-fired pizzeria surrounded by turquoise blue water and picturesque views. Relax as they play epic tunes, take unbelievable photos or dive into the ocean below. A student favourite!

AFTERNOON CRUISE

Hang out with friends on board a sleek catamaran catching sun rays, cruising down the beautiful coastline with the music turned up loud. Stop midway and dive into crystal clear water to snorkel and discover tons of colourful marine life.

SURFING

Fiji is home to world class surf breaks such as Cloud Break and Restaurants. With waves suitable for beginners and advanced surfers, you will be amazed how perfect and uncrowded these breaks are. Being a dream for many surfers around the world, you can make it your reality on Grad Trip.

JET SKIING

Is there a better way to explore the island? There's so much beauty below the sapphire-blue waters of this island paradise. See it all up close as you ride the waves on your own personal Jet Ski.

CULTURAL EXCHANGE

Make an impact that will last long after you get home

Unleashed Grad Trips invites travellers to make a positive impact internationally during Grad Trip through sustainable development and community projects. Our goal is to become Australia's largest overseas volunteer program by getting all high school graduates on a volunteer project.

Unleashed is proud to support not-for-profit organization 'Spirit of Sharing' (SOS). SOS was founded in 2001 by Peter Cole who at the age of 18 visited Fiji for a holiday. Peter was moved by the lack of sporting equipment and facilities the children had access to. This was the beginning of a remarkable journey to provide opportunity to the youth of the South Pacific. SOS has sent more than 25 shipping containers of sporting equipment to the South Pacific Islands, built and renewed sporting assets and enhanced lives of more than 250,000 youth.

Unleashed with the support of SOS is giving school leavers an exclusive opportunity to join hundreds of Fijian children in a 'Cultural Exchange' experience not to be missed. Unleashed students will be smiling and laughing all day long alongside the local Fijians. Interactions via dance and sport ensure everyone can create special bonds regardless of language. Embark on a life changing experience that will help shape the way you see our world - a personal journey not to be missed.

Participating in this cultural day will help provide sporting equipment and resources to Fijian schools, youth sports clubs and villages in Fiji. SOS needs your help to empower the youth of Fiji.

PARENT INFO

A message from Unleashed Grad Trips

JOT LYNAS

MANAGING DIRECTOR

DEAR PARENTS,

I am very excited that your son or daughter is considering travelling with Unleashed Travel. Each year we unite students as they develop their independence, celebrate their academic achievements and have fun with their classmates. I want to take this opportunity to talk to you about our trips and invite you to contact me with any questions.

Since our inception in 2007, Unleashed Travel has quickly become the market leaders in overseas school leaver holidays. Our focus is on creating trips that balance cultural experiences and quality time with friends. Unleashed Travel gives your child the ability to snorkel pristine waters and examine the precious corals of Fiji, teach English or build refuge housing in Cambodia to name a few. Exploring new countries and cultures while enjoying time with friends in exotic locations is our ethos.

Our trips are designed to give the traveller a sense of independence although safety is of the utmost priority. All Unleashed destinations are staffed by Unleashed Crew. The Unleashed Crew are experienced travellers who understand the balance between safe supervision and fun. The Unleashed Crew are on call 24/7 and take the role of the older brother or sister wanting their siblings to be safe and have fun with their friends. The Unleashed Crew are also the first people your son or daughter will see once they clear customs and exit the airport. The Crew will introduce themselves and escort them through the transfer process all the way to the resort where they reside until it is time to return them safely to the airport. If your son or daughter must leave the resort for any reason emergency or otherwise, they will be accompanied by a Crew member every step of the way.

Unleashed Travel go to great lengths to ensure that all travellers are safe from both themselves and others. With exclusive use of our resorts in Fiji and Vanuatu, all other unwanted guest are not able to set foot on the resort grounds. Our no Duty Free alcohol restrictions ensures that there is no unmonitored drinking in rooms and no bottles of alcohol available for dangerous binge drinking. We assist local authorities to conduct bag searches on arrival to prevent any contraband making its way into the resort. We ensure extra security and tourist police populate each resort, creating a sanctuary for your child to enjoy themselves and make this trip the one they always talk about for years to come.

Our staff are available to discuss our trips in more detail and answer any concerns you may have and I encourage you to give us a call.

FUN & SAFE

11+ years of life-changing student travel experiences

Running fun and safe trips has always been our #1 priority. This has led us to create industry-leading safety programs that ensures not only fun, but safe travel experiences. We are committed to delivering excellence on all trips and creating happy travellers. Forget what you know about schoolies, this is Grad Trip.

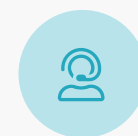

EXCLUSIVE USE OF RESORTS

In Fiji we charter our Island resorts exclusively. This means that the only guests are 17 and 18 year old school leavers travelling with Unleashed.

EXTRA SECURITY

We insist on having huge amounts of security at all of the resorts we use. The security are typically managed by the police and are on duty 24 hours a day.

FULL SERVICE PARENT SUPPORT

We pride ourselves on our support. Our awesome crew will be available for any questions and concerns parents may have from the beginning of travel registration right through the entire trip, and even once the traveller returns home. During all travel periods, a 24-hour emergency line is available.

MEDICAL EMERGENCIES

We have trained doctors and nurses on the island in the event of a medical emergency. They know what to do and will accompany the traveller to the clinic and/or hospital, contact parents/guardians, and provide local contact info. In the unlikely event, our amazing crew will be with the traveller every step of the way.

MEDICAL EXPERIENCE

We are experienced in helping students with existing medical conditions travel overseas. We believe that no one should miss out on their memorable trip to celebrate graduating school. 10% of Unleashed travellers have an allergy. 5% of Unleashed travellers have asthma. 1% of Unleashed travellers have a severe medical condition.

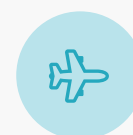

NO UNDESIRABLES

Undesirables or 'Toolies' is the name given to those that have enjoyed their own schoolies in the past and want to join the younger ones as they celebrate. The negative impact of these undesirables is very well broadcasted often-instigating fights and anti-social behaviour toward the younger students. Private Islands ensure no Toolies are present on Grad Trip.

THE UNLEASHED GRAD TRIPS CODE

To ensure safety and conduct, the Unleashed Grad Trips Code explains trip guidelines and expectations. This is required to be signed by both students and parents/guardians before departing for your trip.

TRAVEL WITH CONFIDENCE

Unleashed Grad Trips is a fully licensed travel agency and also a member of IATA.
