Japan Ski Grad Trip

Snow. Culture. Friends. Monkeys... What more could you want! Known for the highest snowfall in Japan, take advantage of Hakuba's massive powder dumps and shred your own Japow!!

Your multi-mountain lift pass covers 9 ski resorts providing terrain for skiers and snowboarders of all levels. From terrain parks, half pipes and tons of pow to a multitude of easy groomed runs Hakuba has it all.

Shred by day and experience Japanese culture and food by night. Visit snow monkeys in the steaming hot onsens or take a dip yourself to ease away the ache earned from a hard days riding.

Finish your trip of a lifetime with 2 nights in the bright lights of Tokyo. Explore this crazy city, do some shopping, sing a little karaoke and hide the tears from all your new friends as we call it a day.
